

Burning the Candle

- 1) Make a candle holder for your candle using clay.
- 2) Measure and record the length of your candle.
- 3) Light the candle and let it burn for 30 seconds.
- 4) Let candle cool, then measure and record the length of your candle.
- 5) Repeat Step 3 until candle is 3 cm or less in length
- 6) Create a table and graph showing the length of time and the corresponding length of the candle.
- 7) Describe your observations carefully.
