Math 2433 Online, Fall 2018
Homework Week 1 DUE 8/30/18

Instructions

- Homework will NOT be accepted through email or in person. Homework must be submitted through CourseWare BEFORE the deadline.
- The multiple-choice questions can be found on the course calendar at http://www.casa.uh.edu. Submit the assignment in the "EMCF" tab and choose ehw 1.
- Upload the written section of the assignment at http://www.casa.uh.edu under "Assignments" and choose whw 1.

The first written assignment will just be a check to make sure you can upload an assignment properly into CASA. You will get 5 pts added to the week 1 homework grade for doing this correctly. Print these two pages. On the first page you must write your full name, ID number and class (MATH 2433 Section 15559) in the space below. Then you must sign the Academic Honor Code statement on the next page. Scan these pages (don’t type this up, we want to make sure we can read your handwriting) then upload under the Assignments tab on www.casa.uh.edu. Your assignment MUST be correctly oriented once uploaded (not sideways or upside down) to receive credit on this and ALL future written homework assignments.
By signing my name below, I acknowledge that I have read the UH Academic Honesty Policy. I further acknowledge that I understand copying or allowing others to copy my homework is a violation of this policy and cheating of this kind will be reported by my instructor and/or TA.
